Visit the New USA Export Expo Online Trade Fair and Marketplace

Commercial News USA is sponsoring the new USA Export Expo, an innovative online marketplace in which international buyers can meet U.S. companies and find American-made products available for immediate export from the U.S.

The USA Export Expo is produced by ThinkGlobal Inc., the same company that publishes Commercial News USA for the U.S. Department of Commerce. Many of the companies that are featured in this magazine also have exhibits in the new online trade fair.

The USA Export Expo is a powerful platform that brings U.S. exporters and buyers from around the world together for commerce and information exchanges.

Open 24/7 and accessible anytime, anywhere, the USA Export Expo amplifies the benefits of trade shows, meetings, and conventions, while providing a continuous, centralized venue that includes streaming media, social networking, and advanced analytics.

Unlike trade shows — physical or virtual — that last just a few days, the USA Export Expo is always open for business. Attending bricks and mortar trade shows can be time-consuming and expensive. The USA Export Expo eliminates the barriers to connecting, keeping the focus on business matchmaking, rather than traveling.

Now, no matter where in the world you live, you can visit the expo and interact with U.S. exporters on your own terms. The USA Export Expo supports engaging experiences that go beyond downloadable documents such as data sheets and whitepapers. Visitors can review information about U.S. companies and learn about their products through video and/or audio presentations. At the same time, programs in the Auditorium and Learning Center give attendees the ability to participate in real-time events, such as webcasts, conferences, and product demos. Seminars and webinars will also be offered with full-day “virtual fairs” occurring each quarter.

Another feature of the Expo is an online Lounge where exhibitors and attendees can network and exchange business-building ideas. This virtual marketplace provides a continual source of information, including updated research and contact data, white papers, articles and PowerPoint presentations.

The USA Export Expo's multimedia library provides an archive of long-term resources that keep informing attendees long after the live presentations, demonstrations, and discussions are finished.

You can participate in the USA Export Expo for free. To register, visit www.usaexportexpo.com.

January 17-20, 2012, Las Vegas, Nevada USA

Visit the World's Largest Outdoor Industry Expo: An Exhibition of Global Proportions

The Shooting, Hunting and Outdoor Trade ShowSM (SHOT Show[®]) and Conference is the largest gathering of industry professionals in the world. In fact, the 2011 SHOT Show held in Las Vegas featured exhibitors from 75 countries, attendees from 98 nations and a press corps of more than 2,000 who hailed from all over the world.

"The SHOT Show addresses the needs of the entire international recreational shooting, hunting, law enforcement and outdoor industry," said Chris Dolnack, National Shooting Sports Foundation (NSSF[®]) senior vice president and chief marketing officer, who oversees the show. Even before the SHOT Show officially opens its

doors on Tues., Jan. 17, 2012, at the Sands Expo & Convention Center in Las Vegas, retailers and other interested members of the industry can "matriculate" on Monday, January 16, at SHOT Show[®] UniversitySM, a daylong series of interactive, retailer-related seminars by business leaders.

The main attraction of the SHOT Show unfolds along the miles of aisles that make up this mammoth expo. In 2011, over 1,600 companies and organizations exhibited, staffed by more than 22,000 personnel. "It provides me with the opportunity to see everything, especially the new products, that are out there and often cash in on SHOT Show specials," said Miles Hall, co-owner of H&H Gun Range & Shooting Sports Outlet, in Oklahoma City. "Not only that, I get to meet with the top executives of the companies and create relationships that I couldn't establish anywhere else."

The SHOT Show will run from Tues., Jan. 17, through Fri., Jan. 20, at the Sands Expo & Convention Center in Las Vegas. It is owned and sponsored by the NSSF, the trade association for the firearms, ammunition, hunting and shooting sports industry.

For more information on the SHOT Show, visit www.shotshow.org. To learn more about NSSF and to register for SHOT Show University, visit www.nssf.org/cn.

International CTIA WIRELESS is the Gateway to All Things Mobile Impacting Our Future!

International CTIA WIRELESS® is the premier marketplace for wireless, telecom and broadband as well as the key vertical markets that have entered into wireless.

Gather alongside 40,000 service providers, manufacturers, developers, retailers, enterprise end-users and the media to join in the dialogue on the future of wireless.

One thousand exhibitors occupying over 300,000 sq.ft. of floor space, world-class speakers, prestigious awards, product demonstrations, and networking, International CTIA WIRELESS is where the wireless world meets each year for three days of intense business, learning and networking.

For over 25 years, International CTIA WIRELESS has been THE premier marketplace for all things wireless: convergence, intelligent transportation, mCommerce, mHealth, mobile CE, mobile cloud, mobile marketing and advertising, smart energy... and more. With increased international representation, new showcases

and pavilions, exciting product announcements, and your participation, 2012 is guaranteed to be another crucial and ground breaking event for the industry.

Attendees from over 100 countries around the world converge at International CTIA WIRELESS. In 2011, this event:

- Scored 4 out of 5 on relevance, reach & ROI
- Rated "most relevant" among 12 international & domestic events, and
- 84% of attendees achieved their business goals

With the continued endorsement of the U.S. Department of Commerce's International Buyers Program in 2012, participation from abroad is growing strong.

Manufacturers, service providers, wireless data and Internet companies — anyone who values the excitement, efficiency, convenience, and immediacy of wireless communications in the enterprise and in life — should attend!

"The delegation members know CTIA is the trade show for seeing the latest IT innovations and an excellent venue for face-to-face meetings with prospective U.S. sellers and partners."

— Andon Kalibatsev, U.S. Embassy, Sofia, Bulgaria

Join your country's delegation: contact the U.S. Commercial Service office in your country (www.buyusa.gov) or Sarah Bublitz, CTIA Marketing Manager. For more information and to register, visit www.ctiashows.com or call 202-736-3200.

MODEX 2012: Where Supply Chain Solutions Are Moving

MODEX 2012 is the industry's newest expo for the manufacturing, distribution and supply chain industries. MODEX 2012 will feature the best solutions and innovations the industry has to offer.

By attending you will meet over 500 of the leading providers and see their solutions in person, in action. You can also connect face-to-face and network with industry peers and learn the latest trends and technologies from manufacturing and supply chain leaders during the MODEX conference.

Enrich your MODEX experience by participating over 70 targeted show floor educational seminars, several collocated partner events and three keynotes including CSCMP's Rick Blasgen on the state of logistics and supply chain management, Panama Canal CEO Alberto Alemán Zubieta on the impact of the Panama Canal expansion and Georgia Tech's Donald Ratliff on how supply chain and logistics performance impacts trade.

At MODEX 2012 you will see solutions and find answers. MODEX 2012 is

your best opportunity to make connections that will position your company for future success. By attending MODEX 2012 you will:

- See, firsthand, the latest solutions from over 500 world-class suppliers
- Connect and network with industry

peers in educational sessions and industry events

- Learn the latest trends and technologies in 70 show floor educational seminars
- Gain valuable insights into manufacturing and distribution solutions for all areas of the supply chain.

Register today for free admission to the MODEX Exhibits, Keynotes and Educational Seminars.

XLERATOR®: The Best Selling Hand Dryer in the World

The original, patented high-speed hand dryer is proven to eliminate paper towel costs and maintenance, help reduce a facility's carbon footprint and improve rest room hygiene.

With over eight years of proven performance and reliability, the XLERATOR high speed energy efficient hand dryer by Excel Dryer, Inc. has emerged as the New Industry Standard by which other dryers are measured. Unlike conventional hand dryers' lengthy 30 to 45 second drying time, the XLERATOR completely dries hands 3 times faster (in 10-15 seconds), uses 80% less energy than conventional hand dryers and delivers a 95% cost savings when compared to paper towels. It also provides the lowest carbon footprint when compared to traditional hand dryers or paper towels, a full Life Cycle Assessment (LCA) Study is available.

Priced at less than half of the cost of trough-style models and virtually maintenance-free, the XLERATOR is easier for

facility managers to install and maintain in their rest rooms.

XLERATOR is available in multiple finishes that suit a variety of architectural design needs. In addition, Excel Dryer now offers exclusive digital imaging technology that allows buyers to design their own high speed XLERATOR® hand dryers with company logos, team mascots, school colors, or any other high resolution image. Excel Dryer's imaging technology allows the dryers to be branded with a fully integrated design, rather than a sticker or other surface brand that could easily be marred or removed. Buyers can supply their own digital artwork or develop the cover graphics with the help of Excel Dryer's design team.

Currently, XLERATOR hand dryers are installed in some high profile locations throughout the world, such as Disney

World, Wembley Stadium (London), Heathrow Airport, Patriots Gillette Stadium, Carnival Cruise Lines, Marina Bay Sands Resort (Singapore), Sandals Resorts, Johannesburg Airport and New World Cup Arenas (South Africa), Madrid City Hall (Spain), Bimbo Bakeries (South America), Lisboa Casino (Macau), U.S. Embassies, UPS Distribution Centers, and more.

Distributors wanted and select markets are available. Contact us for more details and pricing.

FloridaExportDirectory.com

Connecting Global Buyers to Florida Suppliers

Fast. Easy. Free. Now Online.

Did you know that Florida is home to the second highest number of exporters in the United States and is the fourth largest export state in the country?

Now, there's a new way to get in touch with those companies. The Florida Export Directory is your free, online source for thousands of Florida suppliers of products and services in over 30 industries—all in one place. You can search by industry category, keyword, geographic markets, or company name. Visit their websites, view company and product brochures, then contact them about products, pricing and more. It's all within easy reach at **FloridaExportDirectory.com**.

Unique Tattoo Remover

Rejuvi Tattoo Remover utilizes a special chemical formula to detach the tattoo color from the skin. It is very effective, simple, economical and less scarring compared with other methods. It can be used to remove both body tattoo and permanent makeup. The company says the result is considerably better than the laser method.

ESP, the leading manufacturer of commercial-grade power protection technology, is offering a new and profitable opportunity to expand your business.

- ESP's patented power filter technology virtually eliminates catastrophic surge energy (even lightning!) and filters out electronic noise that cause system jams, error codes, and equipment downtime in commercial equipment.
- Protects the reliability of ATM and KIOSK machines, Point-of-Sale systems, office equipment, security systems, servers, electronic signage, and mission critical digital equipment applications.
- Improves equipment performance by over 16%, reduces service calls, extends equipment life, and conserves waste.
- All products include Lifetime Warranty that provides coverage for all connected equipment.

- Low start-up investment (no parts!)
- High profit margins (OEM endorsed)
- No direct competitors (85% share in US)
- Sales/Marketing Training and Support
